

## Schemas

- User (UserID, FirstName, LastName, Username, Password, Email)
- Build (BuildID, UserID, BuildName, Motherboard, Processor, Cooler, Memory, Storage, GPU, PSU, Case)
  - Foreign Key UserID references User
  - Foreign Key Motherboard references Component
  - Foreign Key Processor references Component
  - Foreign Key Cooler references Component
  - Foreign Key Memory references Component
  - Foreign Key Storage references Component
  - Foreign Key GPU references Component
  - Foreign Key PSU references Component
  - Foreign Key Case references Component
- Component (ComponentID, ComponentName, ComponentType, Manufacturer, PerformanceRating, Price, CPUFamily, TDP)
